Community Announcements

Our Taste of Summer Event was a success thanks to your support!
We are now closer to breaking ground for our **new community resource bank**

A Major Milestone for Little Lambs

We are excited to share that the building for our new **Little Lambs Diaper Bank & Community Resource Center** has officially been delivered to our property in Logan! We are especially grateful to **Nucor** for their generous support of this milestone, along with the many donors and partners helping make this project possible.

Construction will begin as soon as final permits are approved. Once complete, this **12,000-square-foot** purpose-built facility will expand our ability to provide **diapers, maternal health resources, parenting education, and other essential support** to families throughout Utah.

You can help build hope for Utah families. We are still raising the remaining funds needed to complete this transformational project and welcome support from **individuals, businesses, foundations, and community partners**. Financial contributions, in-kind donations, sponsorships, and **naming opportunities** are still available.

To learn more about our **Capital Campaign** or discuss how you can make a lasting impact, please contact **Ted Chalfant, Executive Director**, at **(435) 494-3679** or **littlelambsofutah@aol.com**.

Together, we are building more than a building. We are building hope for Utah families.
